

EGY POWER

WELDING MACHINE

**Industrial Mobile Welding Machine up to (500A) Manufactured by EGYPT POWER and
Powered by MaxxForce MWM Diesel Engine**

General Specifications:

- Welding Diesel Machines Rating up to 500A
Genset Rating up to 15 kVA.
- Inside weather proof Canopy.
Powered by MAXXFORCE - MWM Diesel Engine and Alternator Zanardi
- The welding machine is trailer mounted with fuel tank enough for 8 hours full load.
- The machine is equipped with control panel, welding accessories, silencer and battery.
- Alarm shutdown in case of low oil pressure, high coolant temperature and under/over speed, with magnetic short circuit and thermal overload protection.
